PUMPKINS!

Pumpkins are a fall favorite in our school gardens. Some are big, some small, and they come in all colors and shapes!

Can you find your way through the maze?

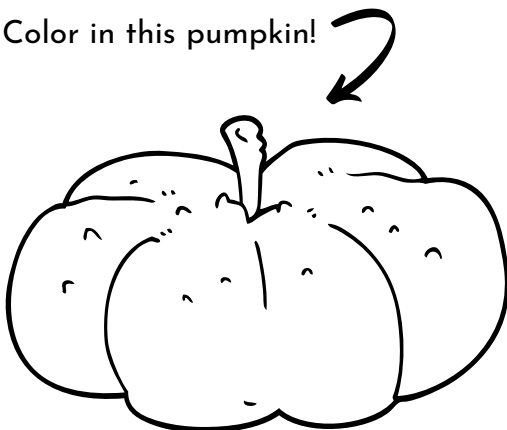

Take a walk in your neighborhood - how many pumpkins can you spot on your walk?

I spotted _____ pumpkins!

? Who helped the mini ?
pumpkin cross the road? ?

Answer: The crossing gourd!

Color in this pumpkin!

Fun Facts

- The average pumpkin has 500 seeds (and because they have seeds, they are fruits!)
- Native American people in North American have been growing pumpkins for over 9,000 years.
- The original jack-o'-lanterns were made with turnips and potatoes by the Irish.
