

Soil GROWPORTLAND

Our soil is filled with living beings! These creatures keep our soil full of healthy nutrients, make space for plants' roots, and make our underground world beautiful! Can you match the names to the underground creatures below? After you've matched, draw two more living things you think we would find in our soil!

Match:

- Mole
- Earthworm
- Spider
- Beetle
- Millipede
- Bacteria

Draw a soil creature here!
